

SEPAWA Congress, the largest event for the detergent, cosmetics and personal care and fragrance industries in Europe, will move to Berlin as of 2017.

SEPAWA Congress goes Berlin in 2017!

This year the SEPAWA Congress will complete 7 successful years in Fulda. The size of the exhibition and the number of attendants have grown to a level which makes it necessary to change to a larger venue.

"The SEPAWA Congress has now reached a size which compels us as organizers to react and offer the best possible conditions to our exhibitors and visitors. Therefore the SEPAWA's executive board has decided to move the event from 2017 to the Estrel Hotel & Congress Center in Berlin. This new venue offers more than 1,000 hotel rooms, large and fully equipped exhibition halls, up-to-date conference facilities and many hospitality rooms. The unique selection of international restaurants and large catering areas in-house will make it possible to satisfy the growing number of participants in a short period of time." says Klaus-Peter Wittern, SEPAWA's 1st Chairman.

The SEPAWA Congress is visited by over 2,500 attendants and the Exhibition has grown to 234 exhibitors with a waiting list of interested companies. The venue in Berlin can satisfy all needs of visitors and exhibitors alike. The German capital is an attractive location with a multi-cultural population - the ideal place to host this prestigious event in the future.

The first SEPAWA Congress to be held in Berlin is from 18th – 20th October 2017.
The next SEPAWA Congress takes place in Fulda from 12th – 14th October 2016.

Yours SEPAWA Organizing Team
