#### About us:

EURO COSMETICS covers the cosmetics market around the world, it notes trends and informs about marketing and business. The focus is on the development, production, scientific testing of new active ingredients and the process-technical aspects of the manufacturing of cosmetic products.

EURO COSMETICS is published in German and English 11 times per year in print edition, PDF version for download and e-paper (appears prior to the print edition).

#### Target group:

All decision-makers in the international cosmetics and fragrance industry, primarily management, marketing, research and development, sales, and production.
